

Healthy People 2010 Project

Dr. Bernice R. Kennedy

The student will select one of the following focus areas of Healthy People 2010:

- Overweight and obesity
- Tobacco use
- Substance abuse
- Mental health
- Injury and violence
- Arthritis
- Osteoporosis
- Cancer
- AID/HIV
- Diabetes
- Chronic Kidney disease
- Sexual Transmitted Disease
- Heart disease and stroke
- Maternal health and infant health
- Other selections

The groups will give a 10-20 minutes presentation including the following:

1. Brief definition of the disorder
2. Signs and symptom.
3. Incident and prevalence
4. Progress report using 2010 objectives
5. Recommended health promotion strategies for improvement.

Please review the [Healthy People 2010 website](#).
